Whose ridiculous idea was this anyway?

The only advantage to do this would be in Victoria's favour, as they can't seem to balance any budgets they come up with, Victoria's property taxes are higher than Saanich's and amalgamating would certainly raise our taxes to match theirs.

Victoria Mayor Lisa Helps and her gang are up to no good.

If this is to fly, there better be a referendum vote by the residents of Saanich. We have lots to lose and nothing to gain.
